**Describe your project**

(1) **What you did**, (2) **Why you did it**, (3) **How you did it**, (4) **Results and recommendations**

**(1)** *We supported the N.P.O. "de Roma", which committed itself since three years in giving new life to a protected theatre building in a difficult neighbourhood and which had to face financial difficulties in his last stage of the restoration.*

*We gave a signal to the official authorities to convince them to continue sustaining, in a more important and structural way, this magnificent project.*

*We sponsored the restoration, by students of a professional school together with professionals, of two authentic stained glass domes on the second floor.*

*We emphasized the fact that protecting and conserving our patrimony, contributes to good understanding in a multicultural community, insisting on the gender equality in our culture.*

*We made ourselves known as Soroptimist members, to the media, to the authorities, to the general public and to the neighbourhood.*

**(2)** *We supported this project because the restoration and renovation of this historical building with an important socio-cultural influence is the realisation of the inhabitants and volunteers (man and women) of the neighbourhood, together with professional schools and artists and because the cultural influence of the "Roma" makes real difference for the population of this community, revalorising the neighbourhood and bringing back social life, also for women.*

*We want to help the community of Borgerhout to fight against the dismembering of the neighbourhood by supporting N.P.O. de Roma. This N.P.O. aims two targets: the restoration of the theatre hall and its exploitation not only as a theatre but also as a cultural center.*

*We want to valorise the work of the pupils of a professional school by enhancing the importance of the restoration of the two authentic stained glass domes.*

**(3)** *We raised money by organising a successful fund raising concert in the theatre hall "de Roma" with a very popular local singer (Wannes van de Velde), talented musicians (Myrddin y compadres) and famous flamenco singer (Amparo Cortès). Soroptimists sold 400 seats, 800 were sold to the public. One month before the event, the theatre was sold out.*

*N.P.O. de Roma made publicity for the fund raising concert at an important press meeting on the occasion of the reopening of the old cinema "the Roma" after the big renovation period, and gave us advertising in all their programmes and posters.*

*We made and sold programmes (sponsored by advertisings), we made and sold sandwiches together with the two other Soroptimist clubs, we worked together with the volunteers of "de Roma" who sold tickets and did all the service at the bar etc.*

*A copper plaque to commemorate this Soroptimist project was put up at the wall in the Roma..*

**(4)** *Total benefit of the fund raising concert for N.P.O. "de Roma": 15.749 €*

Project Costs: 9.391,62 € (incomings: 25.110,77€) Estimated number of Hours Spent: ???
