The core purpose of Soroptimist International is to advance human rights and the status of women. In order to do this, clubs undertake service projects in their communities that improve the lives of women and girls. In order to track the success in achieving the core purpose, SI clubs are asked to submit programme focus reports on their successful club projects. Once completed, forward to Ingrid Jacobs who will sent them to SI, SI/E and to the programme-coordinators SI/B.

What you did?: We provided funding to have a 40 m deep well drilled by a local specialized firm under supervision of the Salesian friary

Why you did it? We want to develop a sustainable project within the context of "soroptimists go for water" in order to make an efficient contribution to the fight against poverty and illness.

How you did it? We invited a member of "Les Oeuvres de Maman Marguerite " who lives in Lubumbashi to speak about the well project.

We organized an African evening in our club.

3 members of our club competed on a sponsored run

we sold chocolates imprinted with our club logo
